

PDFViewer

This Add-On is a PDF viewer with simple to operate basic functions. When opening a PDF file, various PDF data are displayed, such as path and name of the file, as well as the current serial number and the entire page count.

The Add-On contains a file explorer for selecting the desired PDF file. Zooming and navigation in the PDF is possible.

This Add-On contains the program elements for the LASAL CLASS project, as well as the LASAL SCREEN projects for multiple resolutions.

FEATURES

- Browser for selecting the files
- PDF display
- Function buttons for zoom and page turning
