Edge protector**HGW/HGT/HBG**

The form-fitting edge protector, made of flexible plastic, is an ideal accessory for 8-inch and 10-inch handheld operating devices of the HGW, HGT and HBG series. With the edge protector, the device has additional protection against strong mechanical influences. Increased protection is provided against an impact or fall to the floor.

2 Mounting the Edge Protector

To mount the edge protector, follow the steps below:

- 1) Pull the edge protector onto the handheld operating panel in the direction of the arrows until it lays flat on the upper edge.

CAUTION

If the edge protector is not properly secured, the operating panel antennae could be damaged.

- Carefully slide the edge protector over the handheld operating panel in the direction show by the arrows.

NOTE

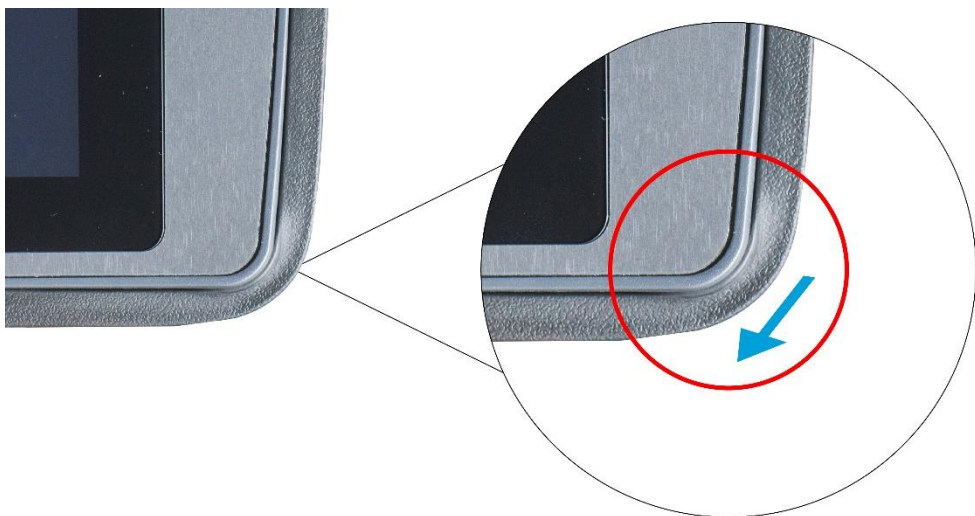

For error-free mounting, it is important to begin with the top of the edge protector.

- 2) Temporarily push the lower corners of the edge protector against the mounting direction.

- 2.1) Slide the edge protector in the direction of the screen over the corners.

- 3) Ensure that rim of the edge protector lays flat on the handheld operating panel.
