

Switching Power Supply 24 V/150 W LRS-150-24

The switching power supply is a 150 W supply with 30 mm of low profile design. Adopting the input of 115 V AC or 230 V AC (selectable by switch), it provides an output voltage line of 24 V.

Performance Data

Type	+24 V DC
Nominal voltage	24 V

Mechanical Features

Dimensions	97 x 30 x 159 mm (W x H x D)
Weight	0.48 kg

Article Number and Miscellaneous

Article number	01-690-076
----------------	------------
