

C-IPC VARAN Manager Client VMC 052

With this expansion card, the C-IPC can be expanded by a VARAN Manager with 2 VARAN Out ports. In addition, this expansion for the C-IPC can also be integrated into a primary VARAN tree as a VARAN client in order to construct a multi-manager system.

The special design allows the expansion card to be easily mounted and secured.

The corresponding cover and mounting accessories are included with the delivery of the expansion card!
